Goodmorning Chief. I would like to know how the investigation is going into the Deputy Chief's who called my wife a racist and told her to sit down while in UNIFORM of a JIP officer and armed. After over a week since the filling of a sworn report, neither a detective from JIP or Jupiter police department have asked to speak to her. Also the the Mayor who is the head of the department has being silent on this also.

And Alex Freeman is driving and walking the neighborhood. His actions in Riviera Beach as a police officer was despicable. Here at the meeting as a police officer, he should have attempted to deescalate the situation instead he became aggressive to a senior citizen in this community. While on duty and armed. This is a man who should not be an officer in this town or a police officer anywhere.

It is my understanding that two new officers are being considered both having being fired from other departments. Why does this town not deserve the highest caliber of officers instead of the lowest caliber. Do I have this rite? Are two officers fired from other departments being considered?

The hiring process for all new officers needs to be more transparent and inclusive of the members of this community.

Again, I ask that you give me an update as to where this investigation is. Thank you .

Sincerely; Douglas Manganelli, MD

PS A local builder after having dinner with our mayor bragged at a party that he had the mayor "in his back pocket". Shortly thereafter he began talking up Alex Freeman. Does make you wonder what is going on in this small town government. As Chief of Police of JIC I believe it's your duty to investigate possible corruption in the towns government, or turn it over to the state inspector generals office. It's hard to have confidence in our local government when it seems that corruption may have invaded it.
